## New England Energy News for May 1, 2015

Happy May Day to you! This week Peter Howe of New England Cable News gives you the opportunity to take a close look inside Entergy's Pilgrim Nuclear Power Station in Plymouth, MA -- certainly not to missed. ISO-NE says despite the loss of VY and Mt. Tom new wind and wood generation will help keep the lights on this summer. Conservation Services Group is in the news twice this week, once for giving an award to National Grid and second for merging with CLEAResult of Austin, Texas.

Check out [neenergynews.com](http://neenergynews.com) where you will find five additional stories and more energy events. Have a great weekend.
